2.1.18. If You are a Continuing Approved Employer, You **must**, if We direct You, demonstrate to Us knowledge of, or undertake training on, the culture and protocols of the Participating Country/ies from which You are seeking to recruit Workers from.

2.1.19. You **must**, in each Recruitment Application submitted to Us under clause 9.2 of the Deed, demonstrate Your cultural competency of the relevant Participating Country.

2.2. Recruitment methods in Participating Countries

2.2.1. You **must** use the recruitment method specified by the Participating Country to recruit Workers.

2.2.2. There are 3 recruitment methods currently available under the Scheme:

- (a) work-ready pool,
- (b) direct recruitment, and
- (c) agent recruitment.

For further information on recruitment methods allowed in each Participating Country refer to [PALM website](#)¹⁸.

2.2.3. For all recruitments, You **must**:

- (a) ensure that candidates are registered with the LSU and are included in the work-ready pool database,
- (b) alert the LSU immediately after You provide a candidate with an Offer of Employment (OoE). This enables the LSU to be able to support Your recruitment, and
- (c) prepare selected Workers for deployment to Australia, including providing a Pre-Departure Briefing (PDB) in accordance with section [6.2](#).

2.3. Pay Parity

- 2.3.1. You **must** pay Workers the same full rate of pay attached to the relevant classification in the applicable Fair Work instrument if workers are performing the same type of work and engaged at the same site as other employees.
- 2.3.2. You **must** also consider any other requirements specific to your industry outlined in the relevant industry factsheets available on the [PALM website](#)¹⁹.
- 2.3.3. The full rate of pay is defined in section 18 of the Fair Work Act and includes the base rate of pay, incentive-based payments, loadings, monetary allowances, overtime and penalty rates, and any other separately identifiable amounts.
- 2.3.4. We will consider the full rate of pay in Your Recruitment Application. We will not consider conditions that seek to compensate or balance lower pay rates.
- 2.3.5. When You submit any Recruitment Application to Us, You **must** declare You will comply with sections 2.3.1 and 2.3.2 and include information demonstrating this (including as part of Your draft OoE). You are responsible for identifying the relevant rate of pay in a Fair Work instrument for any employee performing the same type of work at the work site and ensuring the pay rate You provide to a Worker aligns. This evidence is determined by Your entity type:
 - (a) Direct Employers – evidence of the relevant rate of pay in the applicable Fair Work instrument that would apply to any other employee outside of the PALM scheme.
 - (b) Labour Hire Companies – evidence of the relevant rate of pay in the applicable Fair Work instrument that would apply to an employee engaged directly by the Host Organisation to perform the same type of work at the same work site as the Worker, and a statement countersigned by the Host Organisation and Labour Hire Company agreeing to maintain pay parity for the duration of the Placement.
- 2.3.6. You must maintain compliance with sections 2.3.1 to 2.3.5 for the duration of Workers' placement.

Chapter 10: Accommodation for Workers

Mandatory Requirements Overview: Accommodation for Workers

Having affordable and safe accommodation that is reasonably close to the Workers' work site is important.

- You **must** provide accommodation for Workers in accordance with Deed clause 13 and this Chapter 10.
- If a Worker chooses to arrange their own accommodation, You are not responsible for the quality of that accommodation.

10.1. Your Accommodation Obligations

Deed clause 13

- 10.1.1. For each Worker, You **must** provide or arrange accommodation for the following durations in accordance with clause 13 of the Deed and these Guidelines, unless the Worker chooses to arrange their own accommodation (see clause 13.6 of the Deed):
- (a) for each Short-Term Worker, for the full duration of their Placement, and
 - (b) for each Long-Term Worker, for the first 12 months of their Placement.
- 10.1.2. You must ensure that any accommodation You provide or arrange for any Worker is approved by Us through Our approval of the relevant Accommodation Plan prior to that accommodation being made available to any Worker.
- 10.1.3. You **must** maintain true, accurate and complete Records about Worker accommodation locations.
- 10.1.4. If You are a Labour Hire Organisation, for any accommodation You provide or arrange under clause 13 of the Deed, You **must** ensure that the accommodation meets the requirements of:
- (a) any relevant labour hire legislation, including any requirements specified by any labour hire authority established under such legislation,
 - (b) any other relevant State or Territory legislation, and
 - (c) the Deed, including these Guidelines.

Accommodation Costs

- 10.1.5. You **must** ensure that the accommodation costs are comparable to local market rates.
- 10.1.6. Where You permit any person other than a Worker to reside at the property in an area that You own or lease, You **must** share the total cost of the accommodation equally between all persons who reside at the property.
- 10.1.7. In each Accommodation Plan that You submit to Us for approval, You **must** include a breakdown of the anticipate accommodation costs for each of the relevant Workers. If costs are only able to be estimated, such as for utilities, We will consider reasonable estimates, but may request evidence of actual costs at a later date.
- 10.1.8. You **must** retain detailed Records as Documentary Evidence of all accommodation costs that You deduct from Worker's wages, and provide those Records to Us or any Worker, if requested.

10.2. Accommodation Plans

Deed clauses 9, 10 and 13

- 10.2.1. If you are a Continuing Approved Employer, for Transition Recruitments:

- (a) From the commencement of Your Deed to 31 March 2024, Accommodation Plans approved under an SWP Deed, which forms part of a Transition Recruitment will be deemed to continue and be approved by Us, unless a change occurs.
- (b) From 1 April 2024, if a Transition Recruitment, approved under the SWP Deed, is to continue beyond this date, You **must** obtain Our approval for a new Accommodation Plan prior to 1 April 2024, except where there is less than 4 weeks remaining of the Placement.

10.2.2. For New Recruitments, You **must** submit a new Accommodation Plan.

Note: Where there are multiple rooms that are identical in size and configuration, We may agree to You including fewer photographs.

- (c) prior to the relevant Workers travelling to Australia, provide Us with updated photographs of any room that will be used to accommodate any Worker and that has or is proposed to change since the taking of the original photographs that You provided to Us with the relevant Accommodation Plan.

10.2.4. See section [10.8](#) for information on the circumstances in which a streamlined Accommodation Plan may be submitted by You.

10.2.5. If approved by Us under clause 9.8 of the Deed, Your Accommodation Plan for each property will be valid for 12 months from the approval date, unless:

- (a) the property, for whatever reason, no longer meets the accommodation minimum standards as set out at section [10.3](#), and/or
- (b) the property has changed, and the information provided in the approved Accommodation Plan is no longer accurate.

10.2.6. Where a change as described at paragraph [10.2.2 \(a\) & \(b\)](#) occurs, You **must** advise Us by submitting an updated the Accommodation Plan through the Department's IT Systems and seek our approval of the proposed new arrangements.

- 10.2.14. You **must** review each Accommodation Plan that has been approved by Us, and under which You continue to accommodate Workers:
- (a) annually,
 - (b) if circumstances change and that impacts on the approved Accommodation Plan, or

- (a) the accommodation related requirements of any relevant labour hire legislation, including any requirements specified by any labour hire authority established under such legislation in the relevant State or Territory, and
 - (b) the Mandatory Accommodation Requirements under these Guidelines (as set out below).

Mandatory Accommodation Requirements

- 10.3.3. You **must** comply with the following requirements set out in this section:
- (a) Fair and good value,
 - (b) Security bond,
 - (c) Transparency of costs,
 - (d) Fit for purpose and in good condition,
 - (e) Accessibility, safety and security,
 - (f) Suitable sleeping quarters and arrangements,
 - (g) Adequate bathroom facilities, and
 - (h) Leisure, social and telecommunication facilities.

Fair and good value

- 10.3.4. Rental arrangements and inclusions **must** be fair and provide good value for money for Workers. When considering value for money, We will consider 'like for like' properties in the region, if possible. In this context 'like for like' means the same number of bedrooms, and similar facilities/amenities and condition of the property.
- 10.3.5. Adequate and decent housing should not cost Your Workers more than a reasonable proportion of their income.
- 10.3.6. If We consider, in Our absolute discretion, that any amount that You have charged, or are charging, any Worker for any accommodation You provide or arrange:
- (a) does not represent value for money, or
 - (b) does not represent a reasonable proportion of the Worker's income,
- We may direct You to:
- (c) charge the Worker a lesser amount in relation to that accommodation, and/or
 - (d) credit the Worker for any amount that You have previously charged them,

and You must immediately comply with any such direction.

10.3.7. You **must not** charge any Worker any administration fees or additional charges for organising the accommodation the Worker resides in, and:

- (i) any accommodation that You provide for any Worker **must** be provided at cost (see Chapter 5 for additional requirements relating to deductions from Workers' wages), and
- (ii) any rental charges **must** be shared equally between the Workers who reside at the property.

10.3.8. Rent **must not** be used to offset labour costs.

10.3.9. If services are included in accommodation costs, such as cleaning or catering, You **must**:

- (a) clearly outline these in the Accommodation Plan,
- (b) provided these services to Workers at cost, and
- (c) identify these charges separately from the rental payments when making deductions from Worker wages. See Chapter 5 for additional requirements relating to deductions from Workers' wages.

10.3.10. Where possible, You **must** permit Workers to opt out of these accommodation services.

Security bond

10.3.11. If You have paid a security bond upfront to rent a property that will be used to accommodate any Worker, and it has been registered with the appropriate authority, You **may**, recover the cost of the security bond through clearly identified deductions from the relevant Worker's wages in accordance with Chapter 5.

10.3.12. You must not deduct the cost of any security bond from any Worker's wages under section unless You:

- (a) identify this cost separately to any rental or services related deduction,
- (b) equally share the cost between all the Workers who will reside at the relevant property, with the total deductions from all relevant Workers being no more than the total cost of the bond,
- (c) cease the deductions immediately when the total security bond amount has been recovered, and
- (d) refund to each of the relevant Workers the total amount deducted from their wage to cover the costs of the security bond at the end of the Worker's stay at the property.

Note: A "security bond" is a payment held in trust with the appropriate authority, usually a 'bonds board'. This is a payment that is normally paid in advance of tenancy commencing to cover any costs (damages) the tenant may be liable for at the end of their stay.

10.3.13. You are entitled to retain the part, or the whole, of the total amount deducted from a Worker's wage to cover the costs of the security bond at the end of the Worker's stay at the relevant property where You have not been able to recover that amount of the security bond You paid directly due to the actions of the relevant Worker, provided that You are otherwise entitled under the agreement with the relevant Worker, the Deed and the law to retain that amount.

10.3.14. You **must**:

- (a) ensure any security bond payment deducted from any Worker's wage is registered with the appropriate authority,

- (b) explain to all relevant Workers in plain English, ensuring the information can be understood by a non-native speaker, the purpose of a security bond prior to any deductions being made from the wage of any of the Workers,
- (c) have a written agreement with each relevant Worker (in plain English, ensuring the information can be understood by a non-native speaker) that clearly specifies the obligations and expectations of both You and the Worker if You intend to hold the Worker liable for any potential costs incurred because of damage to the accommodation or furnishings provided,
- (d) not assert that any Worker is liable to You for any costs related to any damage to the accommodation they have stayed in unless You have, and are able to provide to Us and the Worker, if requested:
 - (i) evidence of the condition of the relevant accommodation or furnishings before and after any damage has occurred,
 - (ii) a Record clearly specifying the cost involved in repairing the damage (labour/parts/replacement), and that cost is reasonable in the circumstances, and
 - (iii) evidence that the damage does not relate to general wear and tear of the relevant accommodation or furnishings,
- (e) provide information in writing to all relevant Workers on how the bond will be refunded at the end of their stay in the relevant accommodation, and
- (f) keep a Record of any bond cost, registration, deductions, and refund, and provide a copy of these to Us and any relevant Worker, if requested.

10.3.15. You **must not**:

- (a) incorporate or add a 'bond charge' into the cost of any rent deducted from the wage of any Worker, or
- (b) make any deduction from the wage of any Worker in relation to the cost of any security bond where the security bond is not registered with the appropriate authority.

Transparency of costs

10.3.16. A breakdown of inclusions of accommodation costs **must** be provided to Us in the Accommodation Plan and evidence of these costs provided to Us on request.

10.3.17. If the property is commercially provided at an all-inclusive cost (such as by a backpackers' hostel where the cost includes both rent and utilities) and a breakdown is not available, You **must** set this out in the Accommodation Plan and indicate what is included in the cost.

10.3.18. The cost of accommodation **must** be communicated to Workers in the OoE with an explanation of what is included (rent, utilities, cleaning, etc.) so that they understand what they are being charged for.

10.3.19. All accommodation costs passed on to Workers (including for damage repairs) **must** be at cost, and receipts or proof of cost **must** be made available on request by Us, the Workers and/or their nominated advocate.

Chapter 11: End of Employment

Mandatory Requirements Overview: End of Employment

There are several obligations You must fulfil when a Worker ceases their employment with You. This can occur because the Worker has completed their Placement, is terminated or resigns. You must ensure You comply with relevant workplace laws when a Worker comes to the end of their employment with You.

11.1. Overview

Deed clauses 9 and 12

- 11.1.1. You acknowledge that the end of Your employment relationship with any Worker may:
- (a) occur due to the natural ending of an employment contract, or
 - (b) be initiated by:
 - (i) You, or
 - (ii) the Worker.
- 11.1.2. When any Worker ceases their employment with You, You **must** continue to comply with all Your obligations under the Deed, including these Guidelines, in relation to the Worker until they depart Australia to return to their Home Country. This means that You remain responsible for ensuring that the Worker can return to their Home Country in the event of the employment relationship ending due to the Worker's employment being terminated, the Worker resigning from their employment or due to their Placement expiring. For example, You must arrange for the Worker their flight from Australia back to their Home Country in accordance with Chapter 7.
- 11.1.3. You **must** inform Us of the following incidents by submitting an End of Employment form via the Department's IT Systems, by the next Business Day following the incident, in accordance with section [13.4](#):
- (a) when You intend to terminate the employment of any Worker (prior to termination),
 - (b) when You have terminated the employment of any Worker, or
 - (c) when any Worker resigns from Your employment.
- 11.1.4. We will investigate any complaint lodged by any Worker involving allegations such as mistreatment, bullying and harassment, underpayment of wages by You, or a representative of Your business, regardless of whether the end of employment is via termination or resignation.
- 11.1.5. You must cooperate with, and provide reasonable assistance as directed by Us in relation to, any investigation undertaken by Us as referred to in section [11.1.4](#).

11.2. Worker Termination

- 11.2.1. You may terminate the employment of a Worker before the end of their employment contract (Placement), provided the termination is lawful and fair.⁵⁵
- 11.2.2. You **must** ensure any termination process:
- (a) gives appropriate consideration to whether the termination is harsh, unjust or unreasonable in the circumstances, and

⁵⁵ An unfair dismissal is where a termination is harsh, unjust or unreasonable in the circumstances, and was not a case of genuine redundancy.

- (b) complies with the requirements regarding termination of employment under the Fair Work Act and any applicable [Fair Work Instrument](#)⁵⁶.

Intention to terminate

- 11.2.3. When You submit an End of Employment form Notifying Us that You intend to terminate the employment of a Worker (as referred to in section [11.1.3](#)), You **must** also provide:

 - (iii) warnings,
 - (iv) training, and
 - (v) any support sought from the FWO, the LSU or Us.
- 11.2.4. By giving Us the information referred to above, this provides an opportunity for Us to work with You and the Worker to implement alternate actions (other than termination of the Worker's employment), identify opportunities for improvement, or a possible Placement for the Worker with another Approved Employer.

Decision to terminate

- 11.2.5. If You terminate the employment of any Worker, You **must**:

 - (b) details of all outstanding costs that You would have been permitted to deduct from the Worker's wage under Chapter 5 had the Worker continued in their employment, and which You expect to be repaid.

11.3. Worker Resignation

11.3.1. Under the Fair Work Act⁵⁸, Workers are required to provide You with reasonable notice if they intend to resign from their employment with You. - (a) You **must** make final payments to the Worker in accordance with the OoE that they accepted, any applicable Fair Work Instrument and Your obligations under the Fair Work Act⁵⁹, and
- (b) You may only deduct costs from the Worker's final pay where:
 - (i) doing so would not be a breach of the requirement set out in paragraph (a) above,
 - (ii) the costs are outstanding costs that You would have been permitted to deduct from the Worker's wage under Chapter 5 had the Worker continued in their employment,
 - (iii) You have explained those costs to the Worker and provided to the Worker a written Statement of Deductions relating to those costs in accordance with section 5.1.14,

14.1. Introduction to the PALM scheme Assurance Framework

Deed clauses 35, 50 and 51

- 14.1.1. A constructive and positive relationship between Us and You is central to the success of the Scheme. The Scheme Assurance Activities undertaken by Us provide the Australian Government the means to ensure the Scheme structures and processes:

 - (b) incorporate effective and efficient controls to manage risks and achieve objectives, and
 - (c) assist with early identification and management of potential issues, particularly those that may require further investigation.
- 14.1.2. Effective assurance mechanisms help Us to manage risk, resolve matters efficiently and fairly using an evidence-based risk approach, and ensure program integrity is protected and maintained.
- 14.1.3. We draw Your attention to the Our right to issue directions to You under clause 60 of the Deed.
- 14.1.4. This chapter provides an outline of Our Assurance Framework and mechanisms for identifying potential issues, it is:

 - (a) prevention and deterrence,
 - (b) detection, and
 - (c) correction.

Table 9: Components of PALM scheme Assurance Framework

Component	Explanation
	<p>We recognise, as an Approved Employer, You are committed to the Scheme and strive to be compliant and meet Your obligations. By implementing preventative controls, systems and processes to eliminate, or reduce risks We can better encourage strong compliance.</p> <p>The Prevention and Deterrence element of the PALM scheme Assurance Framework details expectations and obligations of Us and You.</p>
Prevention and Deterrence	<p>A shared understanding of expectations and requirements is achieved through:</p> <ul style="list-style-type: none"> • effective program design, • clear communication, and • strong Government and industry partnerships. <p>This is achieved through the Deed, including these Guidelines, and several other mechanisms all aimed at reducing the likelihood of non-compliance, including:</p> <ul style="list-style-type: none"> • stakeholder engagement and education (including cultural competency), • information sharing, and • IT system controls.
Detection	<p>We will undertake Scheme Assurance Activities to confirm that You understand and are meeting Your obligations under the Deed, including these Guidelines and are delivering the Scheme objectives as intended. Importantly, these activities are focused on providing mechanisms to ensure Worker safeguards and protections.</p> <p>Detection activities may include:</p> <ul style="list-style-type: none"> • contract management, • proactive and/or targeted assurance and monitoring activities (including monitoring and assurance visits), • desktop audits and targeted reviews, • review and analysis of scheduled reports such as payroll Records (pay, deduction and timesheets Records), superannuation and tax compliance and arrival and Departure Reports, • data and trend analysis, • investigations including responding to complaints and tip offs, and • information sharing between Relevant Agencies and authorities.
Correction	<p>Outcomes or findings from Detection activities may result in some form of corrective action such as issuing You with a Direction or Notice to:</p> <ul style="list-style-type: none"> • take specific actions, including within a specified timeframe and for any period, • cease specific actions, temporarily or permanently, or • take necessary steps to mitigate a compliance risk We have identified under the Deed, these Guidelines, or the Scheme. <p>What corrective action is applied will be determined by Us in accordance with Our rights under the Deed, including these Guidelines. In some instances, We may refer matters to other agencies or authorities.</p>

14.4. Guiding Principles

14.4.1. Scheme Assurance Activities collectively contribute to the assessment of the overall effectiveness of the Scheme. Our activities need to be adaptable to meet changes in:

- (a) operating environment,
- (b) service delivery approach, and/or
- (c) risk profile.

- 14.4.2. Scheme Assurance Activities may differ in the level of complexity, scope, depth, and rigour, to provide insight into the performance of the different sectors. They are undertaken using the principles set out in [Table 10](#): to ensure an effective and fair process.

Table 10: Guiding principles for undertaking assurance activities

Principle	Action
Transparent and clear	Where appropriate, Our Scheme Assurance Activities and outcomes will be transparent and promote honest and open communication between stakeholders. All communication will be in line with relevant privacy laws. Concerns of Workers and other stakeholders (including You) are responded to and where appropriate any actions required will be relayed to the relevant Approved Employers so they can try to resolve.
Timeliness	We seek to resolve matters as efficiently as possible to avoid unreasonable delays and uncertainty for You and Your Workers.
Collaborative	Assurance approaches will: <ul style="list-style-type: none"> • build relationships with stakeholders and the community based on trust and respect, • harness intelligence and insight from a range of sources including other Government agencies, and • work with stakeholders to find solutions to issues and identify opportunities to collaborate.
Continuous improvement and cultural competency	We will seek feedback on Our policies and practices (including cultural competency) to support continuous improvement and promote better practice.
Referral and reliance on other appropriate agencies and authorities	Because of their jurisdiction, expertise, or authority, We will refer matters to other agencies and authorities or seek their input to ensure sound advice, and/or investigation requirements are met. These agencies may include: <p>FWO—workplace relations matters,</p> <p>Home Affairs—immigration and visa related matters,</p> <p>DFAT—international relations,</p> <p>Relevant Police Authorities—criminal matters,</p> <p>Relevant WHS Regulators—for WHS matters,</p> <p>ATO—tax and superannuation matters, and</p> <p>Labour Hire Authorities—where You are a Labour Hire Organisation.</p> <p>You must cooperate with, and provide all reasonable assistance to, agencies and authorities that receive referrals from Us for investigation.</p> <p>We may use advice, information, determinations or findings from other agencies or authorities to inform and appropriately exercise Our rights under the Deed.</p>

14.5. Risk-based Approach

- 14.5.1. Many factors are considered to inform Our risk-based approach. We may, at Our discretion, consider the following factors to determine how to conduct Scheme Assurance Activities:
- the risk profile of Your operating industry/sector, location, or type of work performed,
 - Your previous compliance history and whether You have returned any potential risks of non-compliance, reportable findings, or other matters during a desktop audit,
 - information, tips-offs, complaints, or informal feedback We have received,

- (d) Your demonstrated capacity to manage Your obligations under the Deed, including meeting Your reporting and Notification requirements, refer to Chapter 13,
- (e) the number of Workers You employ, including where there may be Recruitment Caps in place, refer to section 3.5, and
- (f) sector trends and environmental influences.

14.5.2. In taking a risk-based approach, We consider 4 key requirements:

- (a) **Early risk identification:** This is the key to effective risk management. By identifying and addressing risks early it may be possible to remove or greatly reduce risks. Identifying risks early improves outcomes for all stakeholders.
- (b) **Fit for purpose:** The approach to risk management must be fit for purpose – that is, it should be proportionate to the level and type of risk and adaptable to suit each individual circumstance. Risk management involves considering ways to minimise, avoid, share, or mitigate risks to an acceptable level.
- (c) **Active management:** This includes:
 - (i) engaging in regular communication and discussion of risks with stakeholders,
 - (ii) regular monitoring, documenting, and reporting of outcomes to ensure controls are in place and treatments have been implemented effectively, and
 - (iii) constructive consultation to enable risks to be actively addressed, resolutions to be considered and documented, and any new or emerging risks identified.
- (d) **Accountability:** All stakeholders are expected to manage risk within the scope of their Scheme activities.
 - (i) where required, risks and mitigation strategies are escalated as part of a positive risk culture, and
 - (ii) an active communication flow that supports a bottom-up, top-down approach is critical to the overall success of the Scheme.

14.15. Summary of PALM scheme Assurance Framework

Key Elements of PALM Assurance Framework

Chapter 15: Privacy and Freedom of Information

Mandatory Requirements Overview: Complying with Privacy Obligations and Freedom of Information requests

This Chapter provides information about Your obligations in relation to the handling of Workers Personal information as well as the reporting of privacy incidents under the Privacy Act 1988 and access to documents under the Freedom of Information Act 1982.

15.1. The Australian Privacy Principles

Deed clause 43

- 15.1.1. The [Privacy Act 1988](#)⁶⁰ (Privacy Act) regulates the collection of Personal Information through minimum privacy standards, known as the [Australian Privacy Principles \(APPs\)](#)⁶¹.
- 15.1.2. You **must** comply with the Privacy Act and the APPs as if You were an agency.
- 15.1.3. The APPs are principles-based law that govern the standards, rights and obligations around:
 - (a) the collection, use and disclosure of Personal Information,
 - (b) an agency's governance and accountability,
 - (c) integrity of Personal Information, and
 - (d) the rights of individuals to access and correct their Personal Information.

Personal information and sensitive information

- 15.1.4. 'Personal Information' means information or an opinion about an identified individual, or an individual who is reasonably identifiable, whether the information or opinion is true or not, or is recorded in a material form or not.
- 15.1.5. Personal information includes an individual's name, signature, date of birth, address, telephone number, sensitive information, bank account details, employment information, and commentary or opinion about an individual. This kind of information may be shared verbally, contained in physical or digital files or documents, such as documents provided by individuals on their behalf.
- 15.1.6. 'Sensitive information' is a subset of Personal Information and includes information that relates to an individual's racial or ethnic origin, health, religious beliefs or affiliations, sexual orientation or criminal record.
- 15.1.7. When handling Personal Information, You must ensure You are assessing whether the Personal Information is also sensitive information, as there are higher standards and additional requirements for collection, using and disclosing sensitive information.

Consent and the APPs

- 15.1.8. You may be required to seek consent from individuals to permit the handling of their Personal Information and sensitive information. Consent can be given expressly, orally or in writing, or it can be implied.

⁶⁰ Federal Register of Legislation—Privacy Act 1988: [Privacy Act 1988 \(legislation.gov.au\)](https://www.legislation.gov.au)

⁶¹ Office of the Australian Information Commissioner—Australian Privacy Principles: <https://www.oaic.gov.au/privacy/australian-privacy-principles>

- 15.1.9. In situations of verbal or implied consent, You must record the nature of the individual's consent in the Department's IT Systems or in another appropriate format (where You do not have access, and which must be made available to Us on request).
- 15.1.10. For an individual's consent to be valid, You **must** ensure:
- (a) the individual is adequately informed before giving consent,
 - (b) the individual gives consent voluntarily,
 - (c) the consent is current and specific, and
 - (d) the individual has the capacity to understand and communicate the consent.

15.2. Collection of solicited Personal Information

- 15.2.1. APP 3 outlines when an APP entity may collect solicited Personal Information, including sensitive information.
- 15.2.2. You may only solicit and collect Personal Information that is reasonably necessary for, or directly related to, Your functions and activities under the Deed.
- 15.2.3. Prior to the collection of Personal Information, You should satisfy yourself that the purpose of the collection falls within Your functions and activities under the Deed.

Consent to the collection of sensitive information

- 15.2.4. You **must** only collect sensitive information where the individual gives consent to the collection, unless another exception applies.
- 15.2.5. Workers are asked to provide their express written consent to the collection of their sensitive information by signing Part 2 of the Privacy Notice and Consent Form. You may digitise, but must not amend, the Privacy Notice and Consent Form.
- 15.2.6. You **must** retain copies of the Privacy Notice and Consent Forms signed by Workers in accordance with the General Reporting and Record-Keeping Requirements set out in clause 45 of the Deed. These must be made available to Us on request.
- 15.2.7. Where consent is not provided or is withdrawn, and no APP exception applies, You cannot collect the individual's sensitive information.
- 15.2.8. Examples of exceptions that may permit the collection of sensitive information without consent include:
- (a) the collection of the information is required or authorised by or under an Australian law or a court/tribunal order,
 - (b) it is unreasonable or impracticable to obtain the individual's consent to the collection and You reasonably believe that the collection is necessary to lessen or prevent a serious threat to the life, health or safety of any individual or to public health or safety, or
 - (c) You have reason to suspect that unlawful activity, or misconduct of a serious nature, that relates to Your functions or activities has been, is being or may be engaged in and You reasonably believe that the collection is necessary in order for You to take appropriate action in relation to the matter.
- 15.2.9. The above are examples only. You should seek Your own independent legal advice before collecting sensitive information without consent.
- 15.2.10. Where an individual withdraws consent to the collection of their sensitive information, You must not destroy the Privacy Notice and Consent Form, except in accordance with the [Archives Act](#)

[1983](#)⁶². You must record the withdrawal of the individual's consent to the collection of their sensitive information on the individual's record in Our IT Systems (where You have access), or in another appropriate format (where You do not have access, and which must be made available to Us on request).

Manner of collection

- 15.2.11. You **must** only collect Personal Information directly from the individual, unless any one of the following exceptions applies:
- (a) the individual consents to the collection of the information from a third party; or
 - (b) You are required or authorised by Australian law, or court/tribunal order, to collect the information from the third party; or
 - (c) It is unreasonable or impracticable to collect the Personal Information directly from the individual.
- 15.2.12. For example, it may be unreasonable or impracticable to collect Personal Information directly from a Worker where language difficulties prevent the Worker from providing their Personal Information. In these cases, You should seek the Worker's consent to collect the information through an interpreter or translator. Under APP 10, You are required to take reasonable steps to ensure that the Personal Information You collect is accurate, up-to-date and complete. Therefore, You need to take steps to ensure that the interpreter or translator that is used will be providing accurate and complete information from the individual.
- 15.2.13. The collection of Personal Information by You must be by lawful and fair means only. The term lawful is not defined in the Privacy Act. It is lawful for You to destroy or de-identify unsolicited personal information if it is not unlawful to do so. That is, if the destruction or de-identification is not criminal, illegal or prohibited or proscribed by law. A fair means of collecting information is one that does not involve intimidation or deception and is not unreasonably intrusive.

15.3. Dealing with unsolicited Personal Information

- 15.3.1. APP 4 outlines how unsolicited Personal Information should be handled.
- 15.3.2. You may receive Personal Information that You did not ask for. Where You receive unsolicited Personal Information, You must determine whether You would have been permitted to collect the Personal Information under APP 3. If not, You must destroy or de-identify the information unless it is a Commonwealth record under the Archives Act 1983. You should seek Your own independent legal advice prior to destroying unsolicited information.
- 15.3.3. If You determine that You could have collected the Personal Information under APP 3 or can retain the Personal Information because it is contained in a Commonwealth record, You **must** handle the information in accordance with the Privacy Act.

15.4. Notification of the collection of Personal Information

- 15.4.1. APP 5 requires an APP entity that collects Personal Information about an individual, to take reasonable steps to notify the individual of certain matters or to ensure the individual is aware of those matters.

⁶² Federal Register of Legislation—Archives Act 1983: <https://www.legislation.gov.au/Details/C2021C00366>

- 15.4.2. As well as obtaining an individual's consent to the collection of sensitive information as required by APP 3, the Privacy Notice and Consent Form complies with APP 5.2 by informing the individual of matters such as:
- (a) the identity and contact details of the Department,
 - (b) the purposes for which the Department and its agents are collecting the personal information, and
 - (c) the main consequences for the individual if all or some of the Personal Information is not collected by the Department or its agents.
- 15.4.3. The purpose of the Privacy Notice and Consent form is to:
- (a) notify individuals of the matters required under APP 5,
 - (b) obtain individuals consent to the collection of sensitive information, as required by APP 3, and
 - (c) obtain individuals consent to the disclosure of their Personal Information overseas, as required by APP 8.

15.5. Use and Disclosure of Personal Information

- 15.5.1. APP 6 provides that if an APP entity holds Personal Information about an individual that was collected for a particular purpose (primary purpose), the entity must not use or disclose the information for another purpose (secondary purpose) unless an exception applies.
- 15.5.2. The primary purpose is the purpose for which You collect Personal Information. That is, the specific function or activity for which You collected the information.
- 15.5.3. The primary purpose for the collection of Workers' Personal Information under the PALM scheme is for the purpose of managing the Scheme, as set out in the Privacy Notice and Consent Form. You may use and disclose a Worker's Personal Information, including sensitive information, for this purpose.
- 15.5.4. A secondary purpose is any purpose that is not the primary purpose. You must not use or disclose Personal Information for a secondary purpose unless an exception applies, including where:
- (a) the individual consents to the use or disclosure for the secondary purpose
 - (b) the individual would reasonably expect the use or disclosure for the secondary purpose, and either the secondary purpose is related to the primary purpose or, in the case of sensitive information, is directly related to the primary purpose, or
 - (c) the use or disclosure is required or authorised by or under an Australian law or a court/tribunal order.

Tax File Numbers

- 15.5.5. The [Privacy \(Tax File Number\) Rule 2015](https://www.legislation.gov.au/Details/F2015L00249)⁶³ only allows certain people, agencies, organisation and other entities authorised by taxation, personal assistance or superannuation law to ask for and receive tax file numbers (TFNs). You must not record, collect, use or disclose TFN information unless this is permitted under taxation, personal assistance or superannuation law.
- 15.5.6. You **must** take reasonable steps to protect Workers TFNs from misuse and loss, and from unauthorised access, use, modification or disclosure. A breach of the *Privacy (Tax File Number) Rule 2015* is an interference with privacy under the Privacy Act.

⁶³ Federal Register of Legislation—*Privacy (Tax File Number) Rule 2015*: <https://www.legislation.gov.au/Details/F2015L00249>

- 15.5.7. Due to the sensitivities attached to the TFNs, their use and disclosure are governed by secrecy provisions in applicable legislation. Relevantly, subsection 8WB(1) of the [Taxation Administration Act 1954](#)⁶⁴ provides that, unless an exception applies, a person must not divulge or communicate another person's TFN to a third person. A breach of subsection 8WB(1) of the *Taxation Administration Act 1953* may lead to criminal liability.

15.6. Direct Marketing

- 15.6.1. In accordance with APP 7 You **must** not use or disclose Personal Information for the purposes of direct marketing unless an exception applies. Prior to undertaking any direct marketing in relation to Your functions and activities under the Deed, You **must** consider whether the proposed marketing is consistent with the Privacy Act. You should obtain Your own independent legal advice.

15.7. Overseas Disclosures

- 15.7.1. APP 8 relates to the cross-border disclosure of Personal Information.
- 15.7.2. The Privacy Notification and Consent Form expressly informs Workers that the Department will not be required to ensure that any overseas recipients of Workers Personal Information does not breach the APPs and obtains Workers' express written consent to the overseas disclosure of their Personal Information with this understanding.
- 15.7.3. Where consent is not provided or is withdrawn, You cannot disclose Workers' Personal Information overseas unless an exception applies to permit disclosure without consent. Where a Worker does not consent to the disclosure of their Personal Information overseas the Worker may be unable to participate in the PALM scheme.

15.8. Access to and correction of Personal Information

- 15.8.1. Under APP 12, if an APP entity holds Personal Information about an individual, the entity must, on request by the individual, give the individual access to the information. APP 12 does not stipulate any formal requirements for making a request or require that a request to access Personal Information be made in writing or require an individual to state that it is an APP 12 request. Therefore, a verbal request for Personal Information may be a valid request under APP 12.
- 15.8.2. Under APP 13, if an APP entity holds Personal Information about an individual and the individual requests the entity to correct the information, the entity must take such steps as are reasonable in the circumstances to correct that information to ensure that, having regard to the purpose for which it is held, the information is accurate, up-to-date, complete, relevant and not misleading.
- 15.8.3. You must process requests for access to Personal Information and requests for correction of Personal Information. If You receive such a request, You must provide a response within 30 calendar days after the request is made.
- 15.8.4. You must not direct a request to Us without first considering whether You are obliged to process the request.
- 15.8.5. If an individual is seeking access to Personal Information on behalf of another individual, You must obtain written authority from the individual whose Personal Information is being sought before releasing any documents. At a minimum, an authority should state the individual's name, include

⁶⁴ Federal Register of Legislation—*Taxation Administration Act 1953*: <https://www.legislation.gov.au/Details/C2023C00071>

a description of the documents that they are authorising the release of, who the documents can be released to and bear the individual's signature.

- 15.8.6. If You are unable to obtain written authority, You should inform the individual that they may wish to make a request under the [Freedom of Information Act 1982](#)⁶⁵. Requests under the *Freedom of Information Act 1982* should be directed to Us via FOI@dewr.gov.au.

15.9. Privacy Incidents and the Notifiable Data Breaches Scheme

- 15.9.1. Acts or practices by You which breach an APP are an interference with the privacy of the individual. The Office of the Australian Information Commissioner (OAIC) has powers to investigate possible interferences with privacy, either following a complaint by an individual or on the OAIC's own initiative. The OAIC also has a range of enforcement powers and other remedies.
- 15.9.2. You are required under the Notifiable Data Breaches scheme to notify affected individuals and the OAIC about eligible data breaches. An eligible data breach occurs when:
- (a) there is unauthorised access to, or disclosure of, Personal Information held by an entity, or information is lost in circumstances where unauthorised access or disclosure is likely to occur,
 - (b) this is likely to result in serious harm to any of the individuals to whom the information relates, and
 - (c) You have been unable to prevent the likely risk of serious harm with remedial action.
- 15.1.1 You must Notify the Department as soon as possible following becoming aware of any unauthorised access to, use or disclosure of, Personal Information, or a loss of Personal Information You hold. This applies to all privacy incidents, whether or not they are an eligible data breach.
- 15.9.3. Details about the [Notifiable Data Breaches Scheme](#) can be found on the OAIC website.

15.10. Privacy complaints

- 15.10.1. An individual who considers that their privacy has been interfered with can contact the Department and/or the OAIC to make a complaint. Where possible, complaints under the Privacy Act should be directed to You in the first instance.
- 15.10.2. You are required to respond to any privacy complaints within 10 Business Days where a privacy incident has been identified. You should follow OAIC's advice on [handling privacy complaints](#).

15.11. Referring Individuals to the Department in relation to privacy matters

- 15.11.1. After first directing their query to You, an individual can contact the Department to query how their Personal Information is handled, request access to or correction of their Personal Information, or make a privacy complaint in relation to the Department or You.
- 15.11.2. Individuals may contact the Department via privacy@dewr.gov.au.
- 15.11.3. For further information and alternative contact details, please refer to the Department of Employment and Workplace Relations' [Privacy Policy](#).
